

Mode d'emploi de GitHub

1. Créer une organisation

Tell us about your organization

Set up your team

Organization account name *

NSIRennes

This will be the name of your account on GitHub.
Your URL will be: <https://github.com/NSIRennes>.

Contact email *

cle-bihan4@ac-rennes.fr

This organization belongs to: *

☒ My personal account

I.e., clebihan

☐ A business or institution

For example: GitHub, Inc., Example Institute, American Red Cross

Next

By creating an account, you agree to the [Terms of Service](#). For more information about GitHub's privacy practices, see the [GitHub Privacy Statement](#). We'll occasionally send you account-related emails.

Attendre d'avoir fini les manip avant d'inviter du monde ...

Start collaborating

Welcome to NSIRennes

Add organization members

Organization members will be able to view repositories, organize into teams, review code, and tag other members using @mentions.

[Learn more about permissions for organizations](#) →

Search by username, full name or email address

Complete setup

[Skip this step](#)

NSIRennes

Repositories Packages People **1** Teams Projects Settings

This organization has no repositories.

Create a new repository

2. Créer un répertoire

Create a new repository

A repository contains all project files, including the revision history. Already have a project repository elsewhere? [Import a repository](#).

Owner *

NSIRennes ▾

Repository name *

GroupeSecteur

Great repository names are short and memorable. Need inspiration? How about [jubilant-enigma](#)?

Description (optional)

Public

Anyone on the internet can see this repository. You choose who can commit.

Private

You choose who can see and commit to this repository.

Initialize this repository with:

Skip this step if you're importing an existing repository.

☒ Add a README file

This is where you can write a long description for your project. [Learn more](#).

☐ Add .gitignore

Choose which files not to track from a list of templates. [Learn more](#).

☒ Choose a license

A license tells others what they can and can't do with your code. [Learn more](#).

License: GNU General Public... ▾

This will set main as the default branch. Change the default name in NSIRennes's [settings](#).

README.md

GroupeSecteur

Pour aider à la collaboration, on peut créer un projet, qu'on pourra lier à un répertoire existant.

3. Créer un projet

Create a new project

Coordinate, track, and update your work in one place, so projects stay transparent and on schedule.

Project board name

Collaboration entre eleves

Description (optional)

Documents, idées, ... , pour aider les élèves à collaborer

Project template

Save yourself time with a pre-configured project board template.

Template: None ▾

Visibility

☐ Public

Anyone on the internet can see this project. You choose who can make changes.

☒ Private

You choose who can see and make changes to this project.

Linked repositories

Search NSIRennes to link repositories to this project for more accurate suggestions and better search results.

GroupeSecteur

GroupeSecteur

Linked repositories:

GroupeSecteur x

Create project

This project doesn't have any columns or cards.

Add a column

Pour faire collaborer ensemble certains membres, il faut créer des équipes.

4. Créer une équipe

Seamless communication with teams

Teams are a great way for groups of people to communicate and work on code together. Take a look at why they're great.

Flexible repository access

You can add repositories to your teams with more flexible levels of access (Admin, Write, Read).

Request to join teams

Members can quickly request to join any team. An owner or team maintainer can approve the request.

Team mentions

Use team @mentions (ex. @github/design for the entire team) in any comment, issue, or pull request.

New team

[Learn more](#)

Create new team

Team name

GroupeSecteurRennesNSI

Mention this team in conversations as
@NSIRennes/groupesecteurrennesnsi.

Description

membres du groupe de secteur NSI

What is this team all about?

Parent team

There are no teams that can be selected.

Team visibility

☐ Visible ☒ Recommended

A visible team can be seen and **@mentioned** by every member of this organization.

☒ Secret

A secret team can only be seen by its members and may not be nested.
